

Why the Saree business shouldn't be worried about GST

What would be the tax bracket and classification of Sarees?

Would Sarees be treated as [made up apparel](#) and GST be charged on it at 12% ?

A saree is nothing but a [6 yard piece of Fabric](#) that is worn as a garment in India. Keeping this characteristic in mind, saree should fall under the purview of fabric in India and NOT apparel and therefore attract a [5% GST rate](#) on it.
